Open Letter

Dear Valued Clients and Partners,

First and foremost, GLOBAL BUILDING INVESTMENT AND IMPORT-EXPORT JOINT STOCK COMPANY (TOAN CAU INVEST) would like to extend our sincere gratitude and best wishes for good health and success to our valued clients and partners for their continued trust and support.

“We believe that: Every project is more than just a place to live or work; it is a reflection of lifestyle, values, and trust.”

As a pioneer in the field of modern architectural aluminum and glass, Toan Cau Invest proudly delivers comprehensive solutions ranging from design consultancy and manufacturing to installation for a wide range of projects, from villas, high-end townhouses, and office buildings to key commercial and industrial projects across the country.

We have assembled a highly qualified team of engineers, architects, and technicians, constantly updating the latest construction technologies such as Unitized, Spider, and Semi-Unitized facade systems supported by modern manufacturing facilities in both northern and southern Vietnam, ensuring proactive material supply, guaranteed schedule, and ensuring reliable material supply, on-time project delivery, and consistent construction quality.

With the business philosophy:

“Quality Is Our Honor – Clients Are at the Center – Solutions Create Competitive Value” Toan Cau Invest constantly innovates, raising service and product standards to create premium, sustainable, and inspiring spaces for every project.

We commit to remaining a reliable companion, providing smart - aesthetic - safe aluminum and glass solutions while contributing to the success and sustainable value of your projects.

**“ENTRUST US WITH YOUR VISION -
WE WILL BE WITH YOU EVERY STEP OF THE WAY.”**

Sincerely,

TOAN CAU INVEST

VISION

“To become the number one construction and aluminum-glass import-export corporation in Vietnam and the region.”

MISSION

TO CLIENTS

To pioneer and deliver the best aluminum and glass solutions with perfect service, elevating the quality of life and modernizing every architectural construction.

TO PARTNERS

To build trusted and reputable relationships, increase long-term value, and always ensure sustainable development.

TO EMPLOYEES

To build a friendly, professional, dynamic, creative, and fair working environment where everyone can maximize their potential

TO SOCIETY

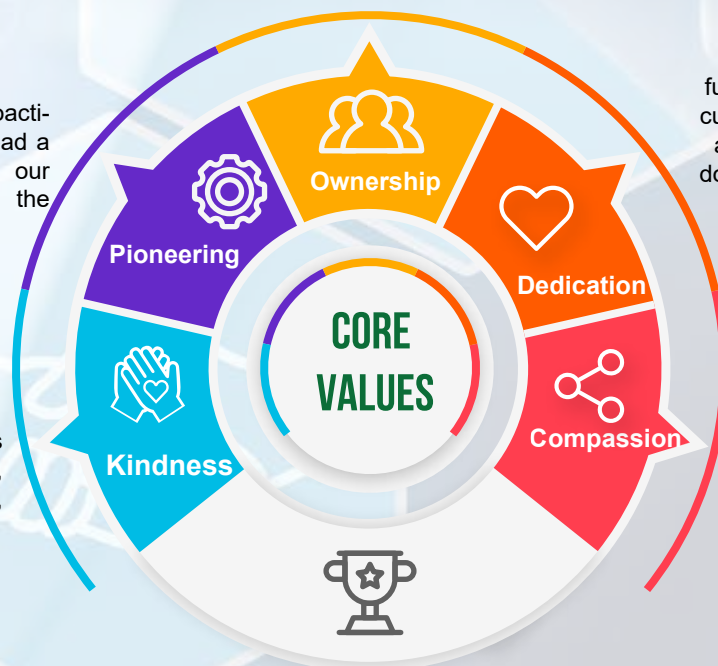

Corporate benefits are always aligned and developed in parallel with community interests. Prioritizing the use of green materials and environmental protection.

OUR FIVE CORE VALUES

Every individual takes ownership and demonstrates initiative in their work, training, and company-wide activities.

We pioneer innovation, proactively shape trends, and spread a positive spirit across our company, the market, and the wider community.

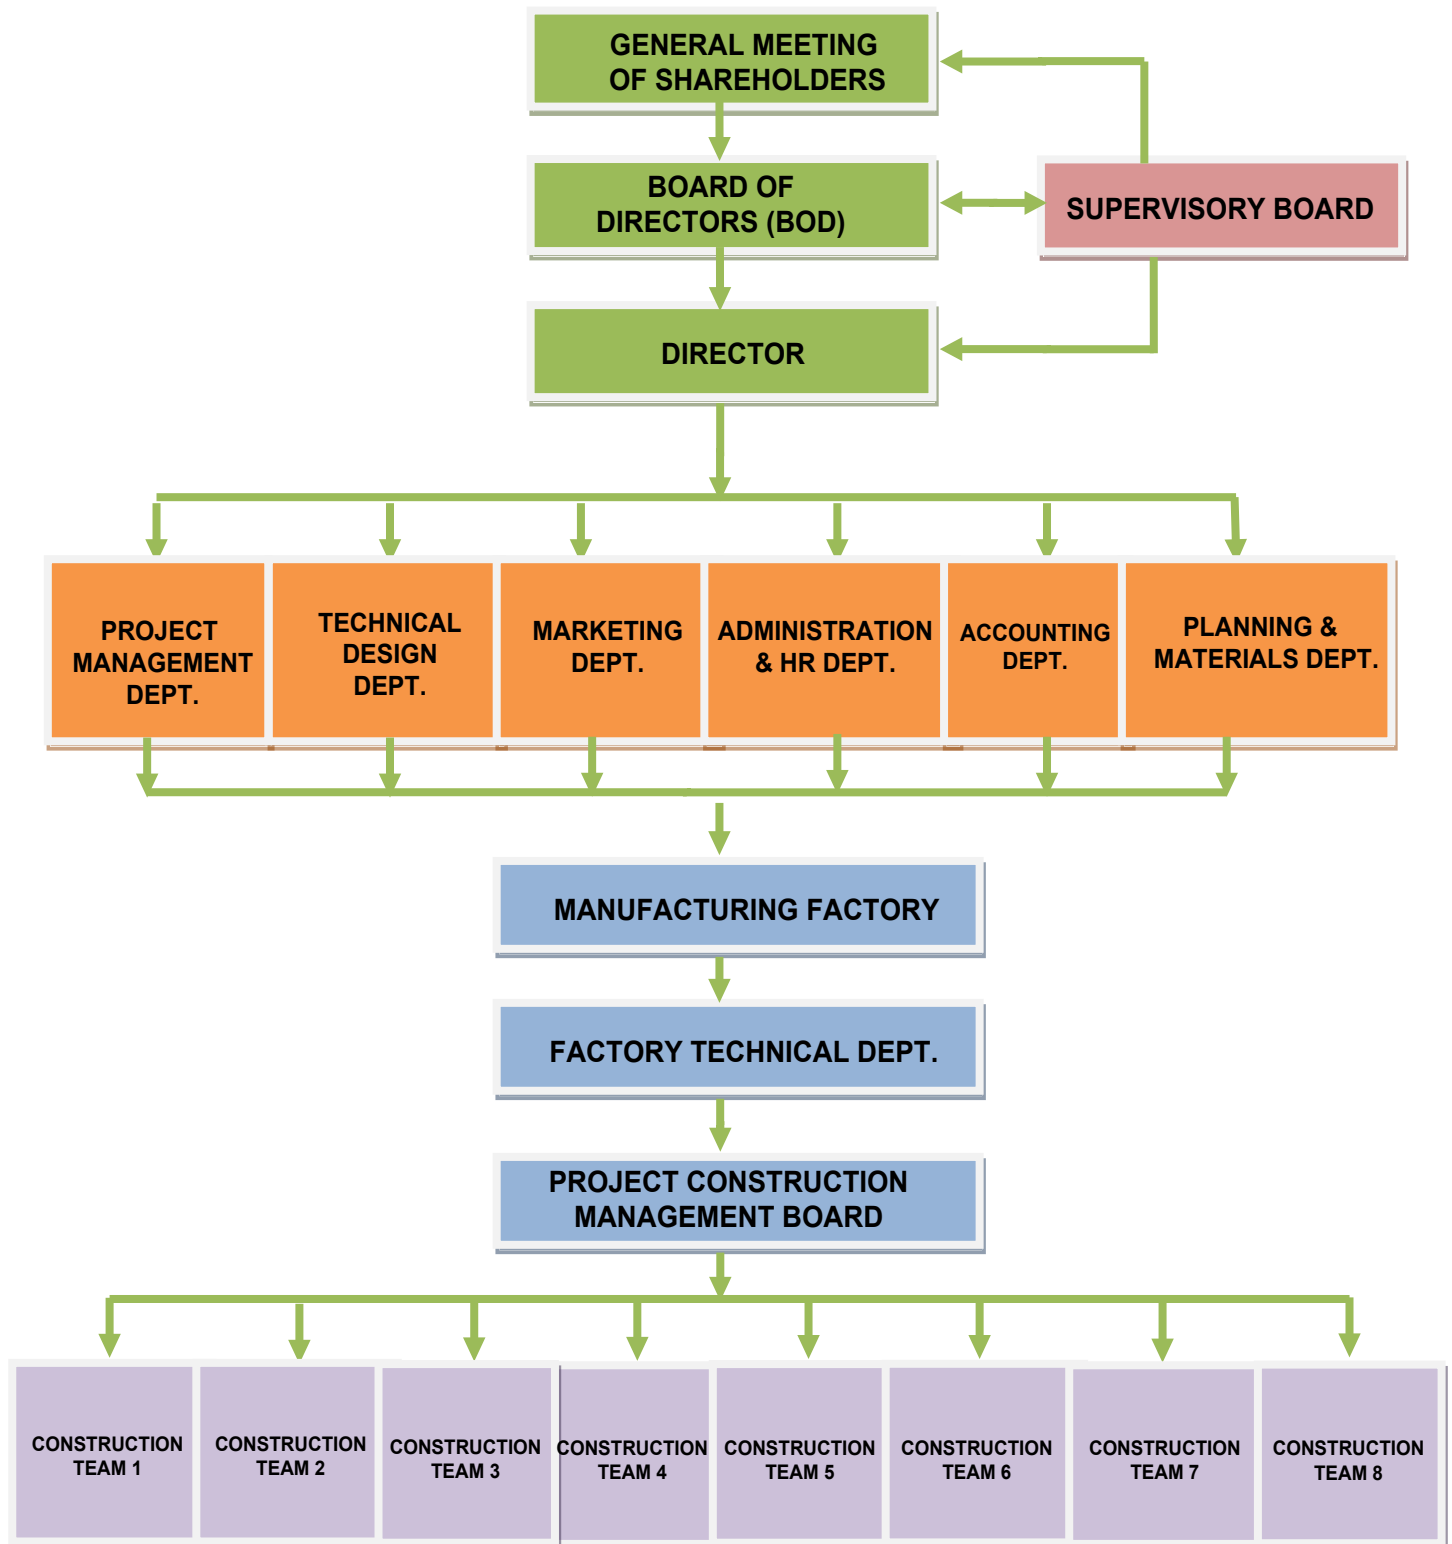

We always act with kindness toward ourselves, our families, colleagues, customers, partners, and the wider community.

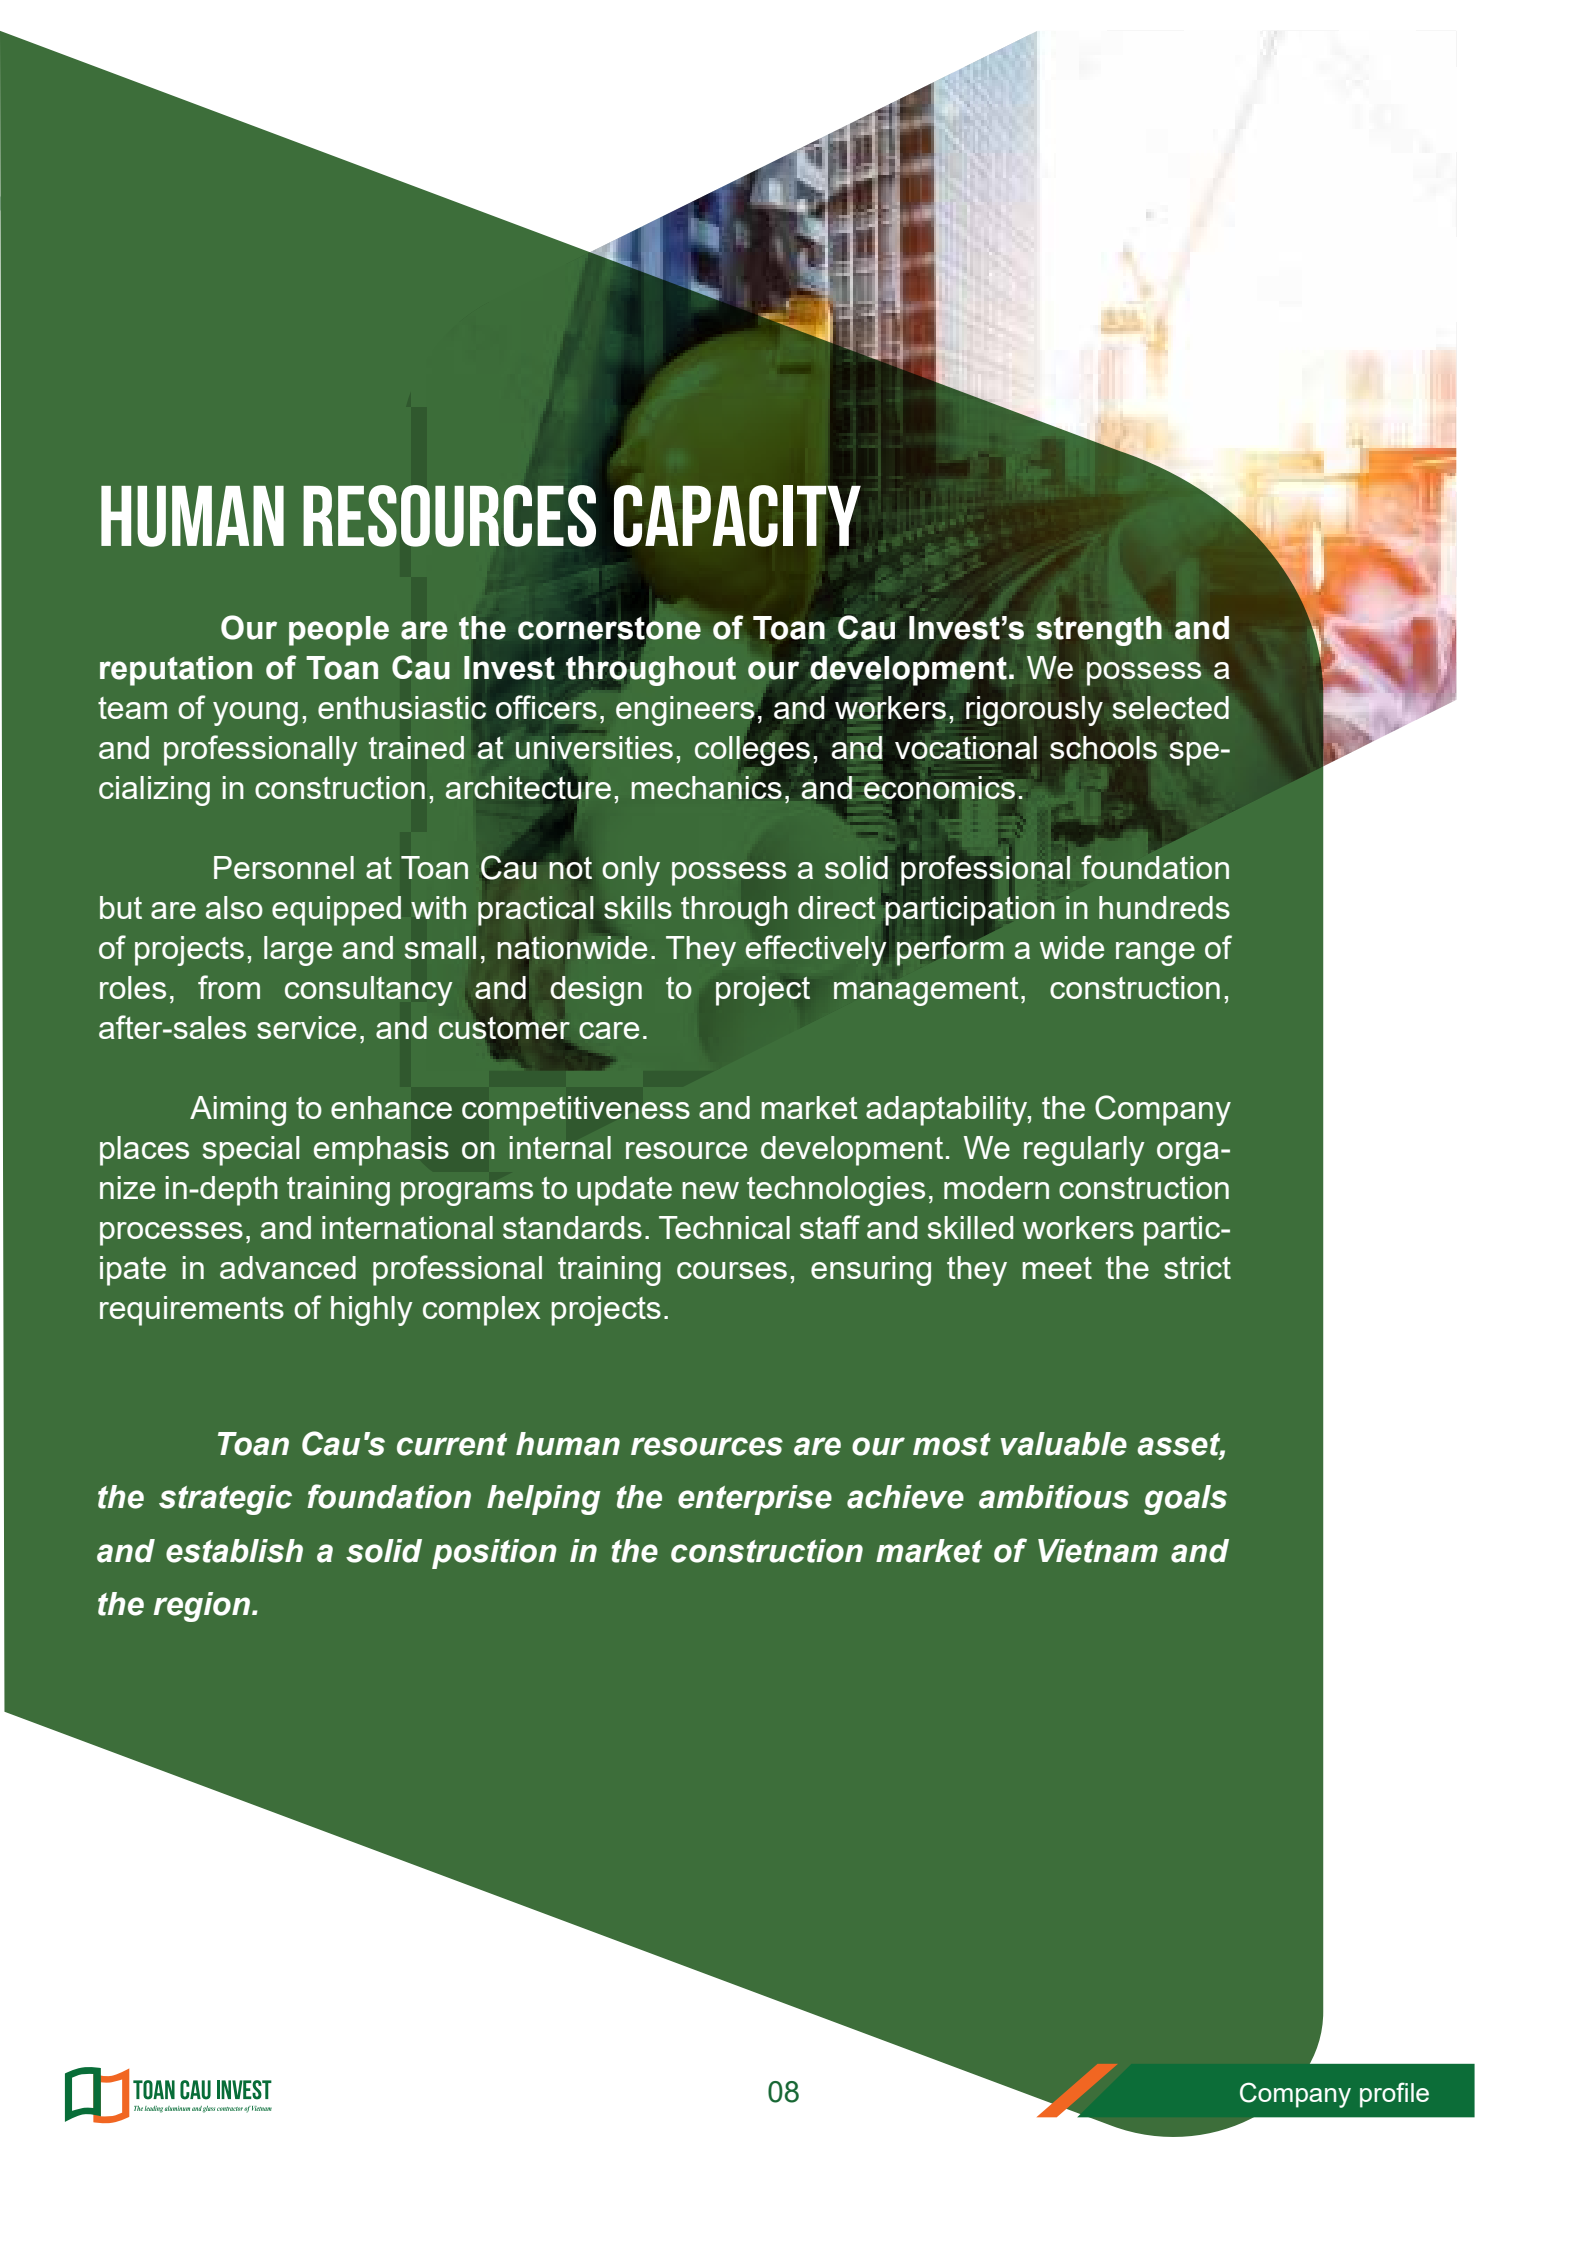

At Toan Cau Invest, we are fully committed to serving our customers. We put customers at the heart of everything we do to deliver the best possible products and services.

At Toan Cau Invest, we value empathy, sharing, and compassion. We care, support, and stand by one another while fostering kindness in every relationship.

➤ ORGANIZATIONAL CHART

HUMAN RESOURCES CAPACITY

Our people are the cornerstone of Toan Cau Invest's strength and reputation of Toan Cau Invest throughout our development. We possess a team of young, enthusiastic officers, engineers, and workers, rigorously selected and professionally trained at universities, colleges, and vocational schools specializing in construction, architecture, mechanics, and economics.

Personnel at Toan Cau not only possess a solid professional foundation but are also equipped with practical skills through direct participation in hundreds of projects, large and small, nationwide. They effectively perform a wide range of roles, from consultancy and design to project management, construction, after-sales service, and customer care.

Aiming to enhance competitiveness and market adaptability, the Company places special emphasis on internal resource development. We regularly organize in-depth training programs to update new technologies, modern construction processes, and international standards. Technical staff and skilled workers participate in advanced professional training courses, ensuring they meet the strict requirements of highly complex projects.

Toan Cau's current human resources are our most valuable asset, the strategic foundation helping the enterprise achieve ambitious goals and establish a solid position in the construction market of Vietnam and the region.

GONDOLA SUSPENDED PLATFORM

GONDOLA SUSPENDED PLATFORM

Toan Cau is equipped with state-of-the-art machinery lines directly imported from advanced countries such as Germany, Japan, Taiwan, and Italy including various types of aluminum and glass processing machinery such as: end milling machines, corner crimping machines, various cutting machines, glass hoisting winches, and Gondola suspended platforms, etc.

➤ TOAN CAU INVEST FACTORY

The Toan Cau Invest manufacturing plant is equipped with modern, fully integrated production lines and machinery, meeting stringent standards for architectural aluminum and glass fabrication. With a team of experienced engineers and skilled workers, supported by strong technical expertise and advanced production capabilities, the plant is capable of handling large-scale orders with high precision, flexibility, and demanding technical requirements.

Key equipment includes cutting machines, corner crimping machines, copy routers, lock-hole machining equipment, CNC drilling machines, and specialized gondola suspended-platform systems. These facilities help ensure high efficiency and consistent quality throughout fabrication and on-site installation.

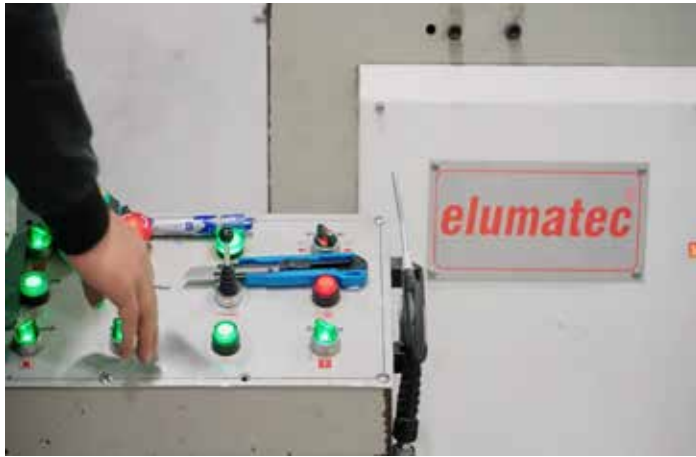

Toan Cau Invest is ready to provide comprehensive aluminum and glass solutions - from design and fabrication to installation - reinforcing our position as one of Vietnam's reputable façade and aluminum-glass contractors.

CURTAIN WALL SYSTEMS

STICK CURTAIN WALL SYSTEM

The Stick curtain wall system is manufactured and processed from aluminum profiles, glass, and other components at the factory; all connection, installation, and finishing works are carried out at the construction site.

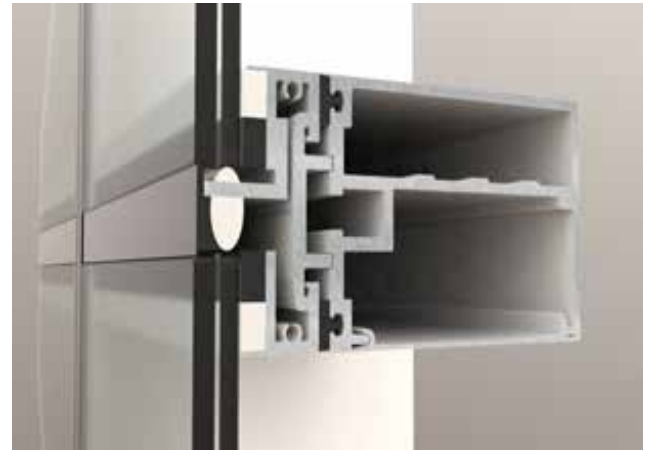

UNITIZED CURTAIN WALL SYSTEM

The Unitized system is a large aluminum and glass wall system manufactured, processed, and finished into panels right at the factory, then transported to the site for overall installation and finishing.

CURTAIN WALL SYSTEMS

SEMI-UNITIZED CURTAIN WALL SYSTEM

The Semi-Unitized system (also known as the Hybrid system) is used for buildings with large floor-to-floor heights, ensuring solid reinforcement and safety.

The Spider curtain wall is a frameless glass wall system method, primarily using Spiders (glass fittings) to create connection points and link glass panels together.

SPIDER CURTAIN WALL SYSTEM

➤ TEMPERED GLASS PARTITIONS

Glass storefronts installed at a luxury fashion showroom in The Garden Mall

Glass partitions offer excellent sound and thermal insulation, high safety standards, and enhance the modern aesthetic of the project

➤ ALUMINUM-FRAMED GLASS DOORS

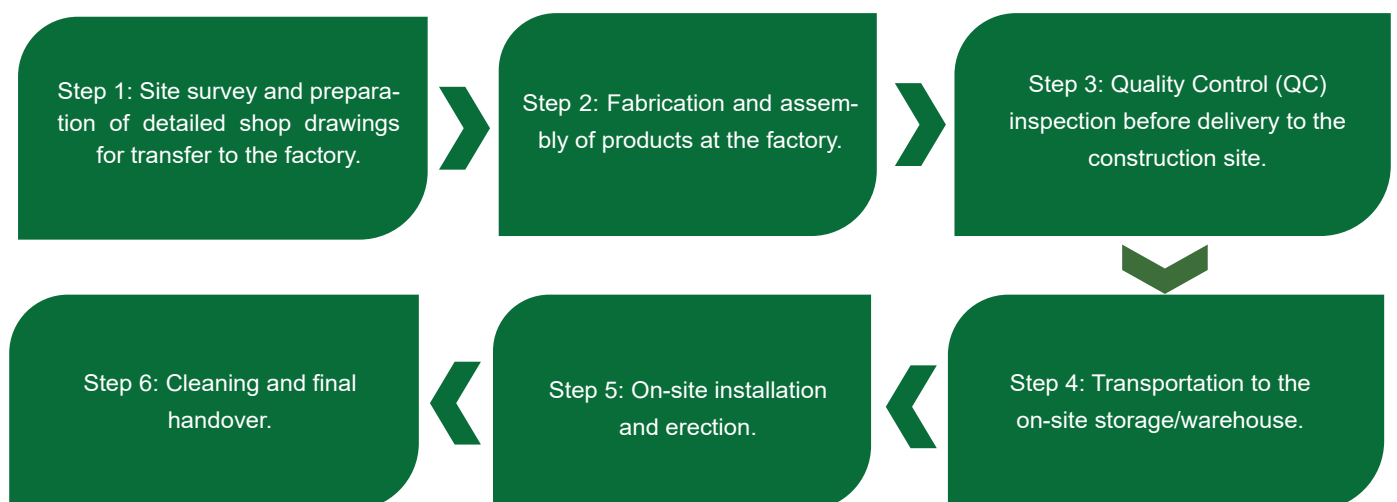

Guided by the strategic vision "Perfection from design to execution", Toan Cau Aluminum Glass aspires to fulfill its mission of acting as a creator of new standards for premium aluminum glass door solutions in the construction industry.

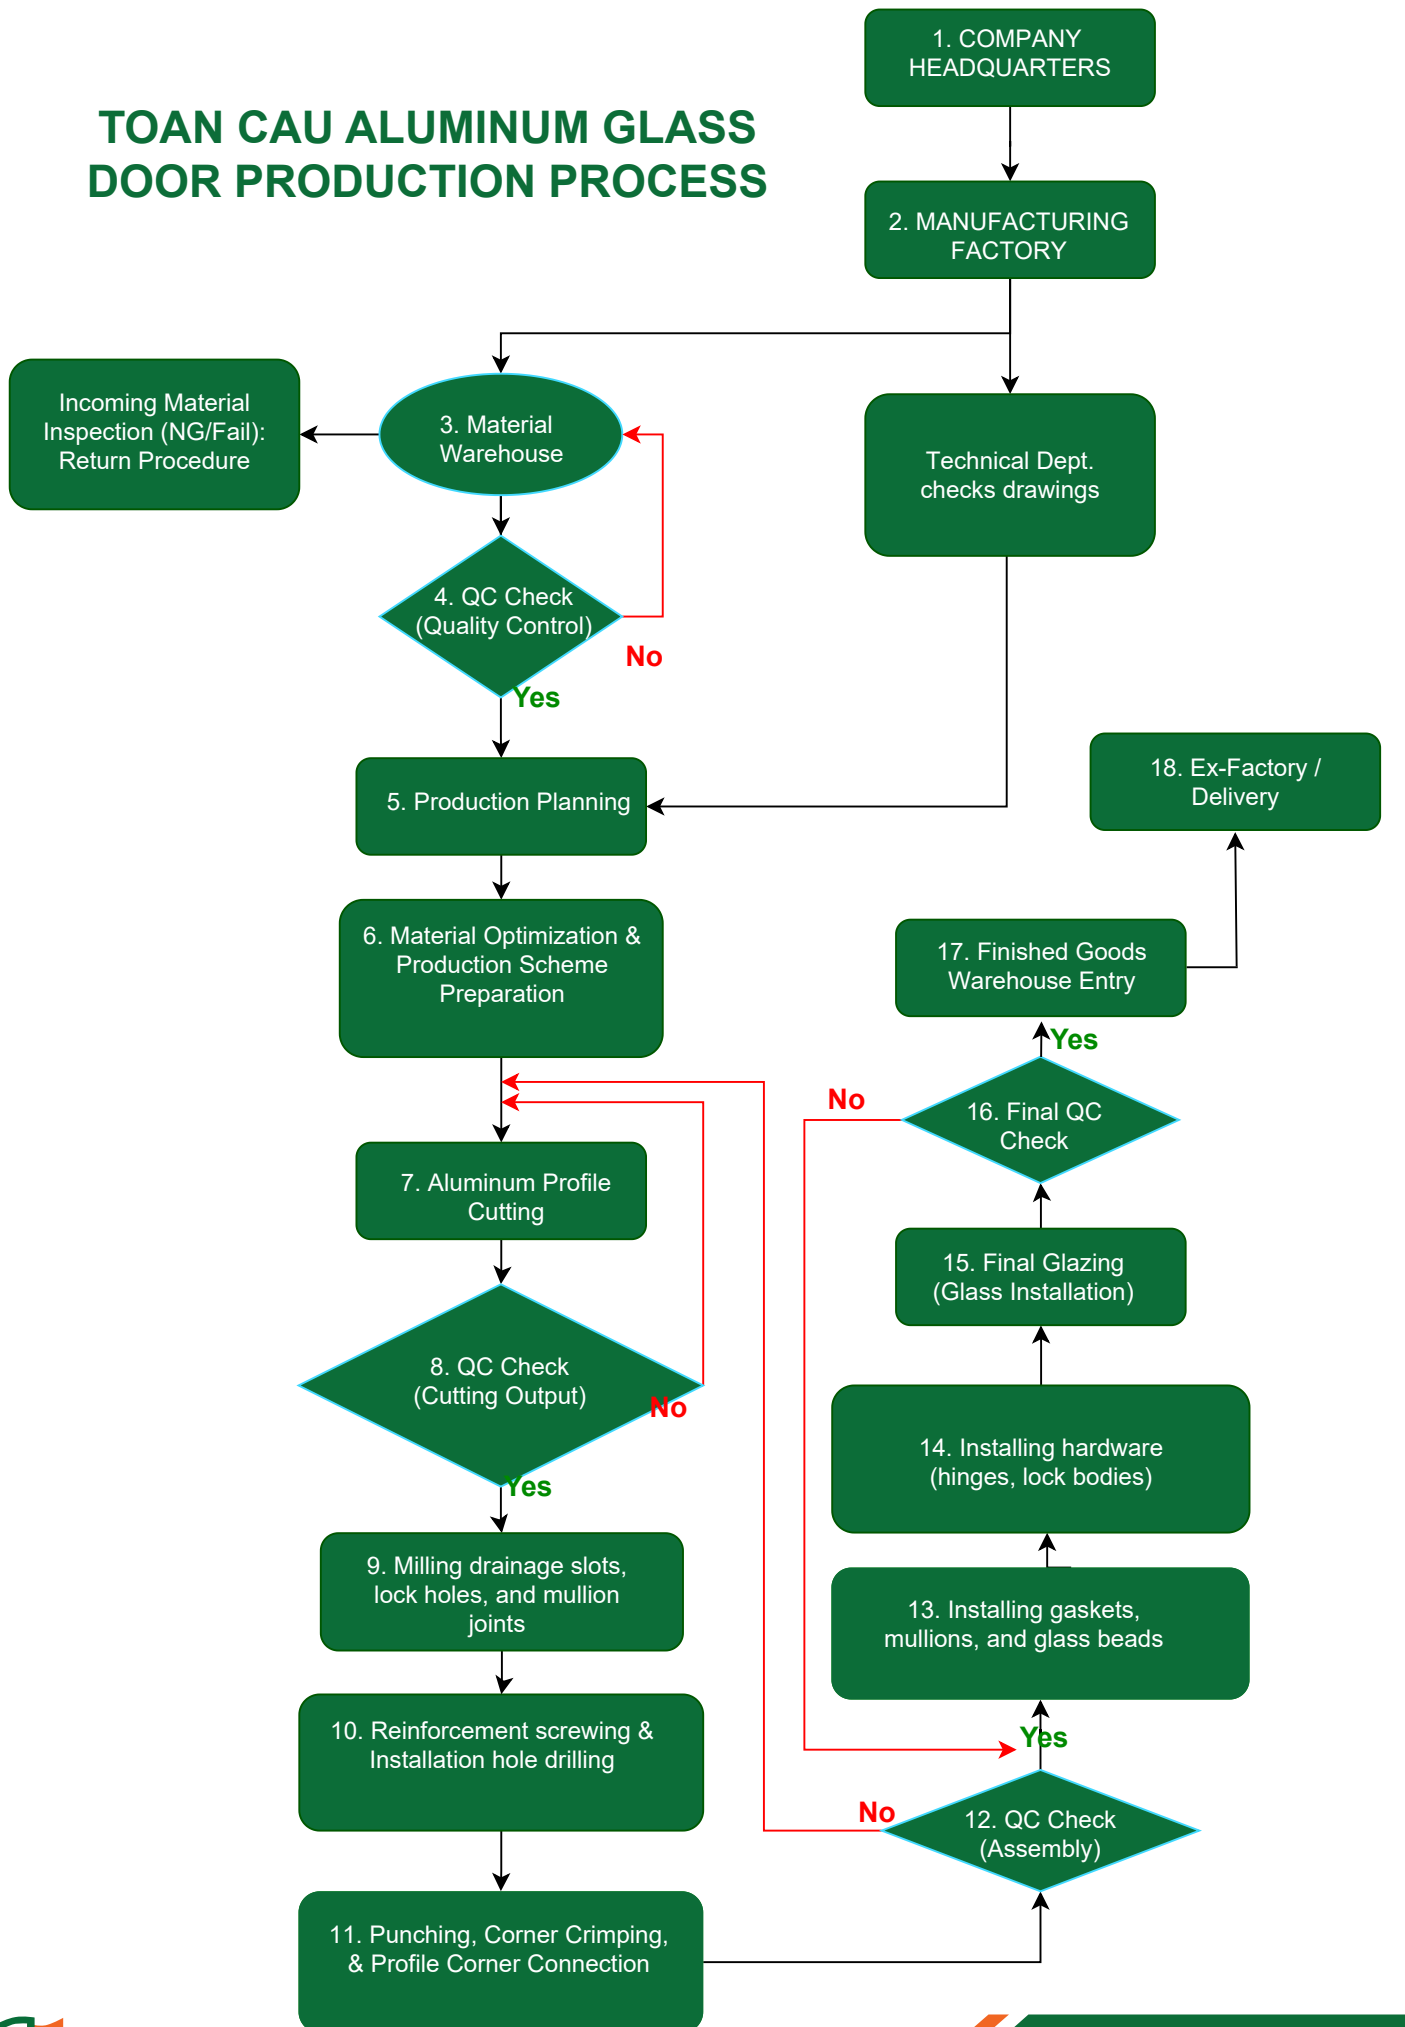

GENERAL FEATURES:

- Excellent sound and thermal insulation; high airtightness and watertightness.
- High durability and safety under all harsh weather conditions.
- Creates spacious and luxurious environments with a wide variety of aesthetic designs and styles.
- Easy installation, maintenance, and smooth operation.
- Cost-effective usage, highly suitable for domestic investment budgets.

➤ The Arena Cam Ranh

Strategically situated in a prime location along the Cam Ranh coastline, The Arena is a large-scale resort complex comprising four sea-facing Condotel towers defined by their unique curvilinear architecture. Toan Cau Invest is proud to accompany this project in the supply and installation of the glass shower cabin systems and premium glass railings, contributing to the completion of a luxurious living space that embodies a true resort lifestyle at the Central region's most dynamic destination.

PROJECT INFORMATION

Location: Plot D14D, TT9B, TT13 - Northern Cam Ranh Peninsula Tourist Area, Cam Nghia Ward, Cam Ranh City, Khanh Hoa Province, Vietnam.

Investor: Tran Thai Cam Ranh Joint Stock Company.

Toan Cau Invest: Supply and installation of glass shower cabin systems and glass railings.

Project Scale: The project consists of 4 Condotel towers (Sea-Sand-Light-Wind), with 90% of apartments featuring sea views, alongside a system of over 30 resort and entertainment amenities.

TOAN CAU INVEST

The leading aluminum and glass contractor of Vietnam

➤ Kepler Land

Situated in the heart of Ha Dong District, Kepler Land is a modern high-rise apartment complex designed to meet green and smart living standards. Toan Cau Invest undertakes the supply and installation of premium doors, windows, and aluminum-framed glass wall systems, contributing to the creation of a convenient, safe living space that embodies distinctive contemporary architecture.

PROJECT INFORMATION

Location: Mo Lao Ward, Ha Dong District, Ha Noi.

Investor: TSQ Vietnam Company.

Toan Cau Invest: Supply, installation, and finishing of doors, windows, and aluminum-framed glass walls.

Project Scale: 37 storeys (superstructure) and 03 base-ment levels.

» Flamingo Hai Tien

Inspired by art and nature, Flamingo Hai Tien delivers a vibrant and unique resort atmosphere, standing as a premier destination in the North Central region. Toan Cau Invest proudly serves as the Aluminum & Glass Main Contractor, executing a comprehensive range of systems including doors, glass walls, glass railings, aluminum louvers, and various sophisticated façade elements. Our work contributes to defining the project's striking aesthetic, making it stand out amidst the natural seascape.

PROJECT INFORMATION

Location: Linh Truong, Hoang Truong Commune, Hoang Hoa District, Thanh Hoa Province.

Investor: Flamingo Group.

Toan Cau Invest: Supply and completely install aluminum & glass door systems, glass walls, glass railings, glass canopies, shower cabins, sun shading systems, aluminum louvers, and sensor-operated louvers for the project.

Project Scale: Total area of 18.8 ha - comprising 3 Subdivisions (Nam Hai Tien - Linh Truong B - Flamingo Hai Tien).

➤ Mipec Rubik 360

Standing as an architectural landmark in the Cau Giay area, Mipec Rubik 360 is master-planned as a benchmark premium residential complex, featuring high greenery density and a synchronized amenity system. Toan Cau Invest takes pride in serving as the contractor responsible for the supply and installation finishing of the aluminum & glass door systems and podium glass walls for the entire project. Our contribution enhances the quality of life while ensuring aesthetics and durability for this large-scale development, comprising nearly 1,000 apartments and a landed villa complex in the heart of the city.

PROJECT INFORMATION

Location: Nos. 122 – 124 Xuan Thuy, Cau Giay District, Ha Noi.

Investor: Mipec Group.

Toan Cau Invest: Supply and installation finishing of aluminum door systems, glass walls, and podium glass walls.

Project Scale: 41,567 m² (over 4.1 ha).

- Two apartment towers (Tower S and Tower A): 35 storeys (1 podium level, 34 apartment levels) and 3 basement levels.
- 976 premium apartments.
- Low-rise residential area: Comprising 9 villas and adjacent townhouses (4 storeys high).

» Apec Mandala

Situated on the vibrant Hung Vuong Boulevard, Apec Mandala Wyndham is a world-class high-rise resort complex in the coastal city of Tuy Hoa, Phu Yen. In the role of Aluminum & Glass Main Contractor, Toan Cau Invest has executed the synchronized deployment of aluminum door systems, glass walls, glass shower cabins, entrance glass canopies, and louver systems. Our work contributes to creating a modern edifice that is aesthetically pleasing while being environmentally responsive to the Central region's coastal climate.

PROJECT INFORMATION

Location: Ward 7, Hung Vuong Boulevard, Tuy Hoa City, Phu Yen Province.

Investor: Apec Group.

Toan Cau Invest: Supply and installation finishing of aluminum door systems, glass walls, louver doors, glass shower cabins, and entrance glass canopies.

Project Scale:

- Total area: 10,872 m².
- Condotel: 27 superstructure levels, comprising 1,089 apartments (Areas: 21.8m² – 31.2m² – 40m² – 63.2m²).

» Ecohome 3

As a high-standard social housing project in Bac Tu Liem District, Ecohome 3 delivers an optimal, eco-friendly living solution for urban residents. Toan Cau Invest accompanies the project with the turnkey execution of aluminum door systems, glass walls, entrance glass canopies, and arched glass roofs - ensuring quality, aesthetics, and long-term efficiency for this large-scale development featuring 5 towers ranging from 31 to 35 storeys.

PROJECT INFORMATION

Location: Dong Ngac Ward, Bac Tu Liem District, Ha Noi City.

Investor: Bac 9 Real Estate Investment Joint Stock Company.

Toan Cau Invest: Supply and installation finishing of the aluminum door and glass wall systems, entrance glass canopies, and arched glass roofs.

Project Scale: Total land area of 12,321 m2, consisting of 5 towers with heights ranging from 31 to 35 storeys.

➤ Advanced Research and Innovation Center - VNU-HCM

As a key project of Vietnam National University – Ho Chi Minh City located in Di An (Binh Duong), the Advanced Research and Innovation Center boasts a modern design that optimizes academic and creative spaces. Toan Cau Invest is responsible for the comprehensive execution of the aluminum and glass systems, including aluminum doors, profiled aluminum-framed glass walls, glass skylights, and glass railings. Our work meets stringent requirements for technical precision, durability, and aesthetics within a high-tech educational environment.

PROJECT INFORMATION

Location: Dong Hoa, Di An, Binh Duong.

Investor: Vietnam National University – Ho Chi Minh City (VNU-HCM).

Toan Cau Invest: Supply, construction, installation, and finishing of various types of aluminum doors, aluminum-framed glass walls, glass skylights, and glass railings.

Project Scale: 4.65 hectares.

» Nam Dinh General Hospital

As one of the largest and most modern provincial-level hospitals in the Northern region, Nam Dinh General Hospital not only fulfills medical examination and treatment functions but also features significant investment in infrastructure and architecture. Toan Cau Invest is honored to be the unit responsible for the comprehensive execution of the aluminum & glass door system, glass walls, façade glazing, glass staircases, and other high-tech aluminum & glass items, contributing to the creation of a spacious, durable, and user-friendly medical environment.

PROJECT INFORMATION

Location: Loc Ha Ward, Nam Dinh City – Nam Dinh.

Investor: Nam Dinh Provincial People's Committee.

Toan Cau Invest: Supply and installation finishing of the aluminum door system, glass walls, façade glazing, aluminum cladding, glass railings, and glass staircases for the project.

Project Scale: Total area: 13,000 m2.

» Hanoi Children's Hospital

A key specialist pediatric hospital in the Western capital region, Hanoi Children's Hospital boasts modern architecture and a large scale with a total area of nearly 68,000 m². Toan Cau Invest undertook the role of supply and turnkey construction of the aluminum & glass door system and technical glass walls, meeting high standards for durability, soundproofing, and thermal insulation, contributing to the completion of a quality care and treatment environment for children and families.

PROJECT INFORMATION

Location: Yen Nghia Ward, Ha Dong District, Ha Noi.

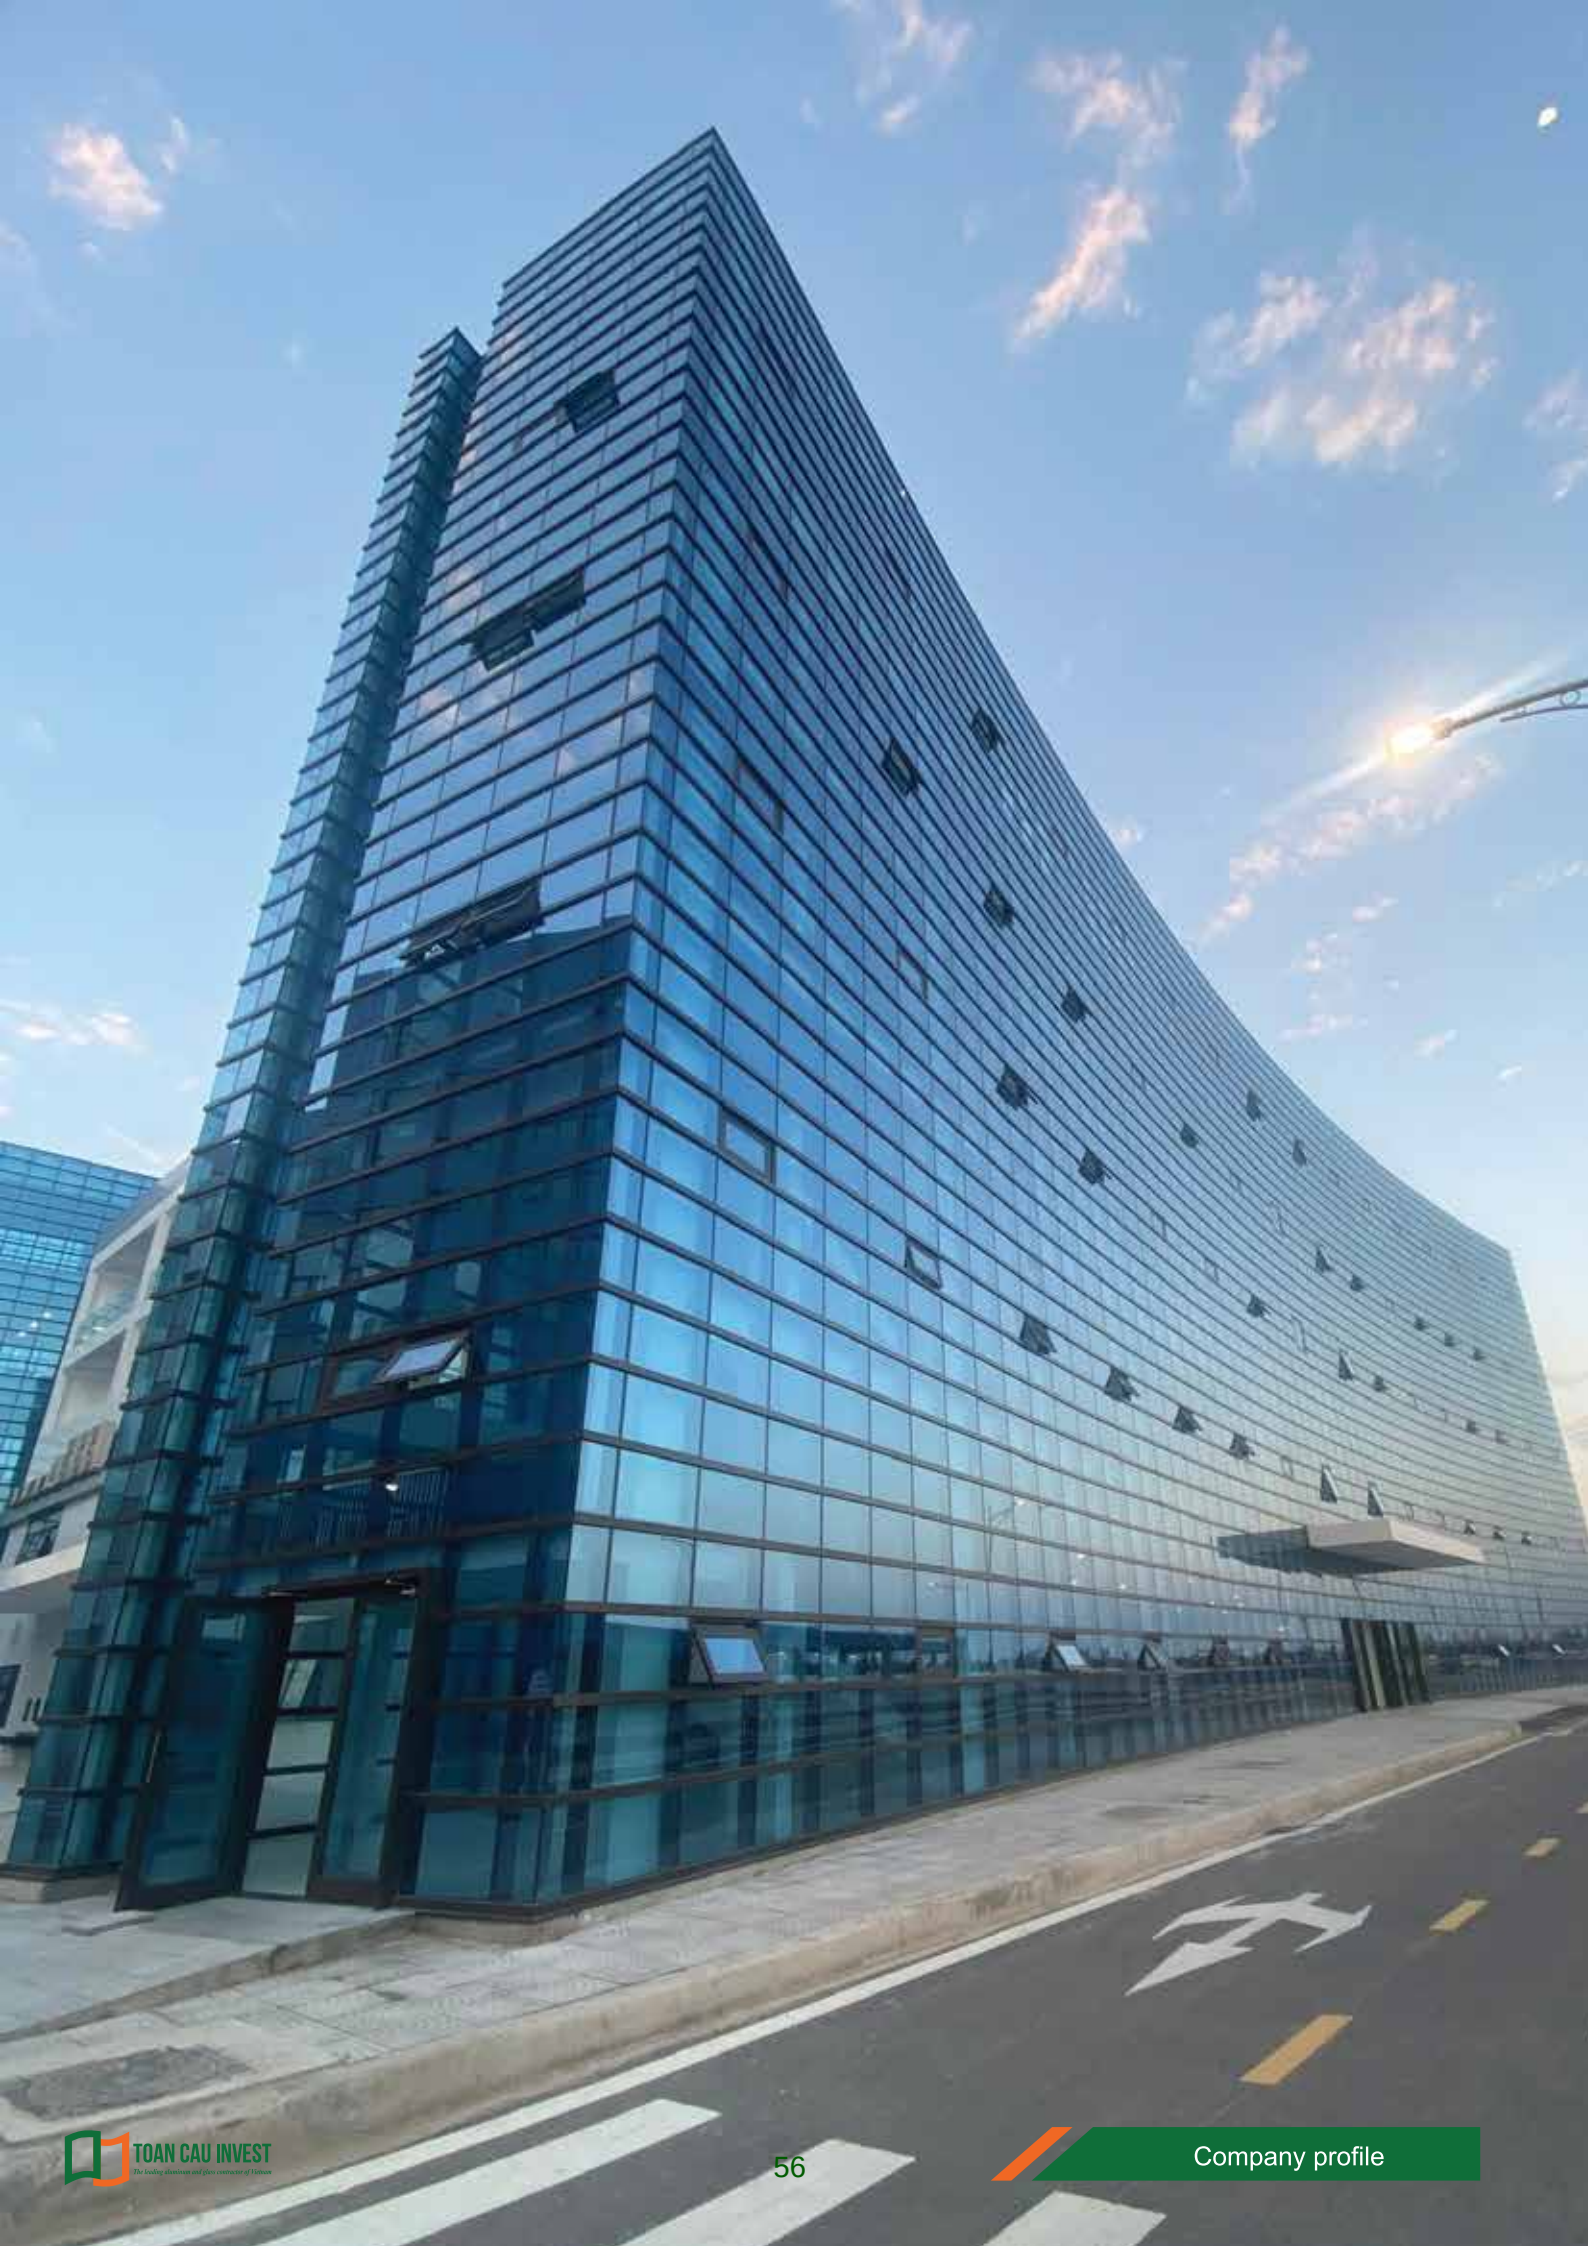

Investor: Hanoi Civil Construction Investment Project Management Board.

Toan Cau Invest: Supply and installation finishing of the aluminum door system and glass walls for the project.

Project Scale: Area of 67,863 m².

» Admin Expert Warehouse 01

Located in Rang Dong Industrial Park - Nam Dinh, Admin Expert Warehouse 01 is a modern administrative office complex designed with an impressive curved glass façade, embodying a distinctive new industrial architectural style. Toan Cau Invest undertook the entire supply and installation of the aluminum & glass door system for the whole project, covering a total area of over 24,000 m²—affirming our capability for precise execution meeting the high technical requirements of large-scale industrial park projects.

PROJECT INFORMATION

Location: Rang Dong Industrial Park - Nghia Hung - Nam Dinh.

Investor: Top Textiles Co., Ltd.

Toan Cau Invest: Supply and installation finishing of the aluminum & glass door system for the project.

Project Scale: Total area: 24,000 m².

39
